GAPMINDER
7 YEARS | FULL-TIME | STOCKHOLM

Visualisation developer → head of software since 2022

Been part of developing and maintaining Gapminder's in-house open source data visualisation platform Vizabi, which replaced all the old charts in flash and had gone through many iterations. The platform allows presenting of multidimensional datasets from multiple sources in an interactive colourful mobile-friendly way. You can play with it at gapminder.org/tools

- Coding lots of javascript;
- Hiring developers and testers, delegating tasks;
- Contributing visuals to the bestselling book Factfulness;
- Doing complexity management in a large software project.

ABB
PATENT: HANDLING OF ALARMS HAVING A CAUSAL DEPENDENCY
1 YEAR | MASTER THESIS → FULLTIME | VÄSTERÅS, SWEDEN
